The student will be able to calculate Sound Absorption Coefficients at multiple frequencies for commonly used building and acoustical materials. SCANS competencies will be met by the student: learning to take notes in class, working with fellow students, showing an understanding of the physics of sound, and choosing the correct formulas to compute sonic wavelengths, reverberation times and standing waves, choosing correct formulas, and turning in papers and tests in a timely manner.

D. It is the aim of the faculty of South Plains College to foster a spirit of complete honesty and a high standard of integrity. The attempt of any student to present as his or her own any work which he or she has not honestly performed is regarded by the faculty and administration as a serious offense and renders the offender liable to serious consequences, possibly suspension. Students should refer to the SPC General Catalog policy regarding consequences for cheating and plagiarism. (See "Academic Integrity" as well as "Student Conduct" sections in college catalog). If you have a question as to whether you may work with other students on any assignment, ask your instructor.

E. This course is designed to meet the following SCANS and Foundation skills criteria: C6, C10, F1, F3, F4, F8. A complete list of SCANS Competencies and Foundation Skills is located on the last page of the syllabi.

F. Verification of Workplace Competencies- This course is a fundamental building block for the student to move toward a Capstone Experience. The course will also transfer to a senior level institution that offers a Recording Technology major.

B. Attendance Policy: In compliance with the general attendance policy of South Plains College, any student who fails to attend class for two consecutive weeks may be withdrawn from the course at the instructor's discretion. However, students who stop attending class without dropping the course at the Registrar's Office risk receiving an F in the class. Two absences may occur without penalty. Each absence after the first two will result in a 10% deduction off of the final grade. Cumulative absence penalties that result in a 59% or lower overall grade will result in being dropped from the course or a final grade of F, at the instructor's discretion. The only excused absences are for those students who are involved in an SPC event. These must be cleared with the instructor prior to the absence. This attendance policy is in effect whether a student is attending in person or via live streaming. Any other accommodations for course work must be approved by the instructor in advance. Please contact the instructor by voice mail or email if you are not able to attend the class for any reason before or the day of the expected absence.

C. Assignment Policy: Projects and reading assignments will be announced at least one class meeting prior to responsibility for material.

D. Grading Policy: Three equally weighted tests will count for 30% of the final grade. A final exam will account for 10% of the final grade. Quizzes will account for 20% of the final grade. Lab assignments will account for 15% of the final grade. Lab assignments may be arranged outside of normal class time. Written assignments will account for 15% of the final grade. Professionalism will account for 10% of the final grade. All written tests will be announced at least one week before the examination.

Students will be allowed to take exams early with permission from the instructor.

GRADING FORMAT:

A = 90 - 100%

B = 80 - 89%

C = 70 - 79%

D = 60 - 69%

F = 0 - 59%

ADDENDUM

ATTENDANCE POLICY (Official SPC Catalog)

Students are expected to attend all classes in order to be successful in a course. The student may be administratively withdrawn from the course when absences become excessive as defined in the course syllabus.

When an unavoidable reason for class absence arises, such as illness, an official trip authorized by the college or an official activity, the instructor may permit the student to make up work

missed. It is the student's responsibility to complete work missed within a reasonable period of time as determined by the instructor. Students are officially enrolled in all courses for which they pay tuition and fees at the time of registration. Should a student, for any reason, delay in reporting to a class after official enrollment, absences will be attributed to the student from the first class meeting.

Students who enroll in a course but have "Never Attended" by the official census date, as reported by the faculty member, will be administratively dropped by the Office of Admissions and Records. A student who does not meet the attendance requirements of a class as stated in the course syllabus and does not officially withdraw from that course by the official census date of the semester, may be administratively withdrawn from that course and receive a grade of "X" or "F" as determined by the instructor. Instructors are responsible for clearly stating their administrative drop policy in the course syllabus, and it is the student's responsibility to be aware of that policy.

It is the student's responsibility to verify administrative drops for excessive absences through MySPC using his or her student online account. If it is determined that a student is awarded financial aid for a class or classes in which the student never attended or participated, the financial aid award will be adjusted in accordance with the classes in which the student did attend/participate and the student will owe any balance resulting from the adjustment.
